# AMERICA ASKS SHOW-DOWN IN MANDATES

## Mexican Troops and Strikers Clash

**BREXON WILL USE IRON HAND TO PUT STOP TO DISORDER**

(BY A. P. NIGHT WIRE)  
MEXICO CITY, Feb. 22.—The threatened general strike of the railroad workers resulted in an order to the Federal troops in the garrisons along the coast-operated lines to be held in quarters to await strike duty.

It is reported troops and strikers have clashed, with some casualties.

Newspapers assert the government has decided to deal with the strikers with an iron hand and full military protection would be given workmen who remain on duty.

Refusal by the Director of National Railroads to recognize the railroad workers' union, brought the threat to tie up not later than noon tomorrow the entire Federal-operated system.

## SEA-TO-SEA AIR FLIGHT NOW ENDED.

**Lieut. Conely Forced to Land in Texas Because of Baldy Engine.**

(BY A. P. NIGHT WIRE)  
DALLAS (Tex.), Feb. 22.—Lieut. William D. Conely, transcontinental flyer, who was attempting a record flight from the Pacific Coast to the Atlantic, but who was forced to land at Dallas, approximately 350 miles southwest of here early today, because of engine trouble, will proceed to Los Angeles, where he will be met by his wife and children.

Commercial gasoline, taken on at Dallas, caused further engine trouble and prevented an early start, Conely said.

"I suffered considerable trouble in New Mexico about 1 o'clock," he said, "because of heavy snow and rain. I was compelled to fly around to avoid them. My supply of stimulants was inadequate to keep off the cold. No trouble except the storm was experienced after I left San Diego last night at 7 o'clock up to the time I had to land this morning, and if a feed pipe had not gone wrong, I would have reached Jacksonville Fla. in time for dinner tonight."

## EIGHT DIE, 25 HURT IN CAR WRECK.

**Trolley Cars Crash Head-on in Connecticut Town; Fire Breaks Out in Wreckage.**

(BY A. P. NIGHT WIRE)  
SHELTON (Conn.), Feb. 22.—Eight persons were killed and twenty-five injured today when two trolley cars collided head-on on the Bridgeport-Shelton line in the southern part of Shelton.

The collision occurred about 500 feet south of a switch, when both cars were traveling at a fair rate of speed. Witnesses said there was a loud report following the crash and flames burst out in the wreckage.

There was said to have been a five-gallon can of gasoline in the front vestibule of the Bridgeport-bound car.

Only five persons were in the north-bound car and all escaped. The south-bound car, going to Bridgeport, had about thirty-five passengers.

Jackmanville (Fla.), Feb. 22.—Lieut. William D. Conely will continue his transcontinental flight to Jacksonville with a short delay at Jacksonville, according to a telegram received here by his mother, Mrs. J. C. Jackson, manager of the Western Union at El Paso.

## BANK BILL LIKELY TO DIE IN SENATE.

(BY A. P. NIGHT WIRE)  
BISMARCK (N. D.), Feb. 22.—The House today, sitting as a committee of the whole, recommended for passage a bill to abolish the Bank of North Dakota.

The measure, if passed, would go to the Senate, which is controlled by nonpartisans, who are opposed to the bill.

## CRIME IS BLAMED ON PROHIBITION.

West Virginia Governor Tells Churchmen Attempts to Force Act Cause.

(BY A. P. NIGHT WIRE)  
HUNTINGTON (W. Va.), Feb. 22.—Gov. Cornwell last night in an address before the men's service chapter of Trinity Episcopal Church declared the prevalence of crime in the United States is due primarily to national prohibition and attempts to enforce the Volstead Act.

## RIGOROUS MEASURES SUCCESSFUL.

New York Health Officers Detain 272 Vermin-Infested Immigrants.

(BY A. P. NIGHT WIRE)  
NEW YORK, Feb. 22.—Rigorous measures to prevent possible introduction of typhus fever and other diseases through this port resulted in the examination of 8355 persons the week ended yesterday and of these 272 were found infested with vermin, said a statement issued today by the health authorities.

Eighty-nine steerage passengers on the Aquitania had vermin and three lice-covered immigrants were found ashore and were taken to hospital.

The Aquitania still was detained tonight, while health officials continued delousing her steerage passengers. She probably will dock tomorrow.

Sir Auckland Geddes, British Ambassador, left the vessel with his party at noon. At dusk, however, R. A. Sae, new Chinese Minister to the United States, still remained aboard.

On the Leopoldina, and the La Savoie, both from Havre, twenty-nine immigrants infested with vermin were detained.

## OCCUPATION IS EXPECTED.

Germany Issues Instructions to Officials in Ruhr District.

(BY CABLE-EXCLUSIVE DISPATCH)  
COBLENZ, Feb. 22.—Instructions issued to city and State officials in the Ruhr district indicate that Germany expects the occupation of that region by Allied troops if her statements fail to induce the Allies to change their reparations demands at the London conference this week.

No military plans are being laid for Germany will not attempt what would be hopeless resistance. But the state and city officials received the same instructions a year ago when the occupation of the Ruhr district was imminent; that the leaders see that the people act in the same manner as they did in the Ruhr district when the occupation began.

## ENGINE CREW DIES; SWITCH MISPLACED.

(BY A. P. NIGHT WIRE)  
DALLAS (Tex.), Feb. 22.—R. W. Mays, engineer, and R. R. Dickey, fireman, both of Denison, were instantly killed, and several persons injured, when northbound Texas Railroad was wrecked two miles north of Waco late today, according to announcement at the railroad offices here.

The engine, a displaced switch caused the wreck, according to the announcement. So far as known, none of the injured was seriously hurt.

## RAILROADS GET RELIEF.

La Follette's Obstructionist Tactics Are Defeated in Senate.

(BY A. P. NIGHT WIRE)  
WASHINGTON, Feb. 22.—Opposition to the Wainwright bill to permit partial payments to railroads from the government guaranty fund collapsed today in the Senate and the measure was passed without a record vote. Senator Townsend, in charge of the measure, insisted that not only the six months following the expiration of the Transportation Act but also among railroad creditors.

Debate was brief, barring a six-hour speech by Senator La Follette, who attacked it as designed to enlarge the government's original guarantee. An amendment offered by La Follette, which would have required the Interstate Commerce Commission to investigate railroad expenditures before further payments are made, was defeated, 47 to 19.

Senator Townsend asserted that the railroads, because of reduced earnings, were entitled to total payment of \$600,000,000 under the government guarantee against losses during the six months following government control. The carrier, he said, had received \$250,000,000 of that amount, "and Congress supposed in passing the Transportation Act that the balance of \$350,000,000 would be paid in installments."

The Comptroller of the Treasury (Continued on Second Page.)

## WILSON WOULD ACCEPT GERMAN BONDS ON DEBT

**Asks Congress to Authorize Payment in Full of Belgium's Obligation to Back Up Self-Made Agreement.**

(BY A. P. NIGHT WIRE)  
WASHINGTON, Feb. 22.—President Wilson cleared his desk today of another matter growing out of the Paris Peace Conference by sending to Congress a copy of an agreement which he and the British and French premiers entered into June 16, 1919, and under which the signatories bound themselves to recommend acceptance of German bonds in full payment of loans made to Belgium prior to the armistice.

The President presented recommendations that Congress enact legislation which would enable the American treasury to accept German bonds to the amount of \$171,750,000, the amount of this country's loans to Belgium up to the armistice, plus interest.

The agreement and recommendations were read in Congress without comment. Neither house took any action.

NO EXPLANATION.  
The executive made no explanation as to why the agreement had not been submitted earlier, except to say the reparations commission had not yet finally determined the details of the language of the necessary bonds by the German government. He added the agreement was not embodied in the Treaty of Versailles "for various reasons."

Submission of the agreement so far as could be learned clears the President's desk of all matters connected with the reparations commission. The reparations commission, Congress was informed, has not yet finally determined the details of the agreement.

## JAP REGRET EXPRESSED.

Langdon Shooting Punishments.

(BY A. P. NIGHT WIRE)  
WASHINGTON, Feb. 22.—Japan today informed the State Department of the action it had taken in the case of Lieut. W. H. Langdon, chief engineer of the American cruiser Albany, shot and killed January 8 by a Japanese sentry at Vladivostok.

The action of Japan, as stated in a note delivered to the American Charge d'Affaires at Tokyo, and by him cabled to the State Department, included removal of Maj.-Gen. Nishihara, commander of the Vladivostok garrison, from his command, and also his demotion, and punishment of four other officers.

The note was found to have complied merely with the orders of his superiors, but was sentenced to thirty days confinement for deception in testimony at the court-martial.

ANSWER SATISFACTORY.  
The note was in reply to a communication forwarded by the State Department soon after the shooting and was understood to be looked upon as satisfactory by officials.

"The action," Secretary Coby said in making public a cabled paraphrase of the note, "has been prompt and sincere, and it will be undoubtedly received with appreciation in this country."

Mr. Coby added that the subject of reparations which was understood to have been touched upon in the American note, still was under consideration and had not been concluded. Except for this phase of the matter, the incident was generally regarded in official circles as closed.

The hope was expressed by the Japanese government "that the government of the United States will be satisfied with the prompt and sincere action taken in dealing with this most unfortunate incident."

OFFICER PUNISHED.  
The Japanese government informed the American government that Maj.-Gen. Nishihara, commander of the Japanese garrison at Vladivostok, had been removed from the active list of the Japanese army and that various officers under the command of Gen. Nishihara had been punished.

## PARACHUTE DROP OF 22,000 FEET.

Army Sergeants Believed to Have Made New Altitude Record in Oklahoma.

(BY A. P. NIGHT WIRE)  
FORT SILL (Okla.), Feb. 22.—What is believed by aerial officers here to be a world's altitude record for a parachute jump was established today when Sergt. Ensel Chambers, One Hundred and Thirty-fifth Aero Squadron, jumped from an airship at a height of 22,000 feet during an aerial circus at Fort Sill. The previous record is said to be 20,900 feet. Chambers landed six miles from his take-off.

## ISLANDS ALL BIG MISTAKE, BELIEF NOW.

Carnegie Foundation Ship Fails to Find Group That Appears on Maps.

(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, Feb. 22.—The Carnegie Foundation ship, noted on many maps as south of Australia in the Antarctic Ocean, cannot be found, and perhaps never existed, scientists of the compass observation ship Carnegie said today. The Carnegie has been making exhaustive observations in the Pacific and Indian oceans and in the sub-Antarctic region.

The islands were reported discovered seventy years ago by a British mariner, and were noted on maps and projections, said Observer H. R. Grumman of Lincoln, Neb. but the Carnegie sailed directly over their supposed location without sighting land. He explained that this sub-Antarctic water is continually storm-tossed and the gloom it was possible the mariner mistook high table ice for islands. Errors in degrees were found in the Indian Ocean, some being several minutes incorrect, Mr. Grumman said.

The Carnegie will sail to about a month for Samoa, thence proceeding through the Panama Canal to Atlantic port, where the voyage will be ended. The vessel is operated by the Carnegie Institution of Washington.

## TAILSPIN KILLS PILOT.

Air Mail Service Speed Test is Marred by Casualty.

(BY A. P. NIGHT WIRE)  
SAN FRANCISCO, Feb. 22.—One casualty, the death of Capt. W. F. Lewis, marred the eastbound flight of a speed test of the air mail service between San Francisco and New York today. One of the eastbound planes was considerably ahead of its schedule, however, and was reported over Rock Springs, Wyo., at 2:25 p.m. Mountain time, while the other left Salt Lake exactly on time at 2:35 p.m. Mountain time.

Lewis was killed at Elko, Nev., his machine going into a tailspin in taking off. He was on the Reno to Salt Lake leg of the trip. Two flyers made the trip from here to Reno, two more continued the flight to Salt Lake, changing planes at Elko, and the third pair took up the journey from Salt Lake to Cheyenne. Rock Springs is a regular stopping point, but flyers occasionally go straight through to Cheyenne, according to air mail service officials here.

Capt. Lewis was 35 years old and lived in San Francisco.

After leaving the Army he gained considerable prominence as a cross-country flyer. He was killed while flying the Hawaiian Islands. While in the service he flew naval as well as Army machines.

Air mail service men here said they understood Capt. Lewis was to be married soon.

Miss M. E. Bryant of this city, cashier of the Bureau of War Risk Insurance, said she was the fiancée of Capt. Lewis. She was prostrated by the news of his death.

REACHES NORTH PLATTE.  
(BY A. P. NIGHT WIRE)  
OMAHA (Neb.), Feb. 22.—The eastbound night air mail plane, piloted by Frank Yager, Omaha, arrived at North Platte, Neb., from Cheyenne, Wyo., at 11:48 o'clock Mountain time. It left North Platte, piloted by Jack Knight at 9:20 o'clock, and is expected to Omaha by midnight. The machine was delayed a few minutes at North Platte by repairs to a damaged portion.

CHEYENNE (Wyo.), Feb. 22.—Two eastbound mail planes arrived here this afternoon in the speed test of the air mail service between San Francisco and New York. Plane No. 172, piloted by James P. Murphy, landed at 4:47 p.m. Mountain time, and was off again under Pilot Frank Yager at 4:59 p.m. after 300 pounds of mail had been transferred in three minutes.

Plane No. 171, arrived at 5:50 p.m. Mountain time, one hour ahead of schedule, under T. O. Paine. Its mail was transferred to plane No. 108, which started for Omaha at 6:02 p.m. Mountain time.

Yager will take plane No. 173 to North Platte, where he will be relieved by Jack Knight, who will pilot it to Omaha. Pilot Harry G. Smith took No. 106 out of Cheyenne.

(Continued on Sixth Page.)

## Socialists Lead in German Vote; Gain 113 Seats.

(BY CABLE AND ASSOCIATED PRESS)  
BERLIN, Feb. 22.—Complete unofficial reports of the elections to the Prussian Landtag continue to show in the lead. These reports show they have gained 113 seats, the Centerists 90, the People's party 57, the Nationalist party 73, the Democrats 28, the Independent Socialists, the Communists 20 and the Economic party 4.

It would appear that the government coalition parties will have a majority in the Prussian Parliament, although it has been greatly reduced.

## LEAGUE OF NATIONS GETS FIRM MESSAGE ON FAR EAST ISSUE

(BY A. P. NIGHT WIRE)  
WASHINGTON, Feb. 22.—Equal opportunities for the citizens of all Allied and associated powers, whether members of the League of Nations or not, in former enemy territories to be administered by the Allied governments under mandates is insisted on in a note dispatched by the State Department to the League Council at Paris. The note went last night to Ambassador Wallace, who is to present it tomorrow.

State Department officials described it as being virtually identical with the one sent Great Britain last November by Secretary Coby.

That note was couched in firm language. Coby took issue with the British position that mandate agreements and treaties were to be considered only by members of the League of Nations, and declared that the United States as a contributor and as a victor in the war should not consider "any of the ascribed powers debarréd."

Initiation of this, the first action to be taken by the United States in the League of Nations, was at the suggestion of an Allied power, understood to have been Great Britain. The British Foreign Office never has replied to Coby's note in which he asked that the United States be permitted to examine the draft mandates for Mesopotamia and Palestine to the Council. Meantime, however, Great Britain has sent the draft mandates for Mesopotamia and Palestine to the Council, and it is understood it was for this reason that it suggested that the United States present its views to the Council.

ACTION POSTPONED.  
Paris dispatches today said that independent of the action of the League of Nations, the discussion of the mandates governing Mesopotamia, Palestine and Syria had been postponed until the Council's April meeting. Winston Churchill, new British Secretary for the Colonies, could study questions involved.

It was said tonight that this (Continued on Third Page.)

## CABINET IS COMPLETED

Harding Gives Out His Decisions.

(BY A. P. NIGHT WIRE)  
JACKSONVILLE (Fla.), Feb. 22.—President-elect Harding has reached a tentative decision on every place in his Cabinet, and unless there are last-minute changes, it will be composed of these men:

Secretary of State—Charles E. Hughes of New York, former Governor, justice of the Supreme Court and Republican nominee for the Presidency.

Secretary of the Treasury—Andrew W. Mellon of Pennsylvania, banker and financier, member of a family reputed to be among the wealthiest in this country.

Secretary of War—John W. Weeks of Massachusetts, former Senator, and in 1916 a candidate for the Presidential nomination.

Attorney-General—Harry M. Dugan of Ohio, who managed Mr. Harding's pre-convention campaign.

Postmaster-General—Will H. Hays of Indiana, chairman of the Republican National Committee.

SUPREMACY APPOINTMENT.  
Secretary of the Navy—Edwin Denby of Michigan, former member of Congress, who has served as an enlisted man in both the Navy and Marine Corps.

Secretary of the Interior—Albert B. Fall of New Mexico, now a Senator.

Secretary of Agriculture—Henry Wallace of Iowa, editor of farm publications.

Secretary of Commerce—Herbert Hoover of California, former Post Administrator, and leader in various movements for European relief.

Secretary of Labor—James J. Davis of Pennsylvania and Illinois, a former union steel worker, who has become the highest official in the Moose fraternity.

If changes of what are understood to have come to a decision within twenty-four hours.

There have been an exchange of formal invitation and acceptance, but in every case the selections are expected by Mr. Harding's associates to stand.

Assignment of the Navy portfolio to Mr. Denby, who is a Detroit lawyer, furnished the first real surprise for his partisans. He was mentioned publicly in connection with the place until today. It is understood the railroad trust has been under consideration, however, and was held in reserve for just such a move when former Gov. Lowden of Illinois declined to be considered.

It is expected that before the President-elect makes a formal tender to Mr. Denby he will call him into consultation and go over the naval problems with him.

HOOVER STORM-CENTER.  
Mr. Hoover's name had been one of the storm centers of the Cabinet list, many Republicans urging his appointment as Secretary of State, Interior, Commerce or Labor, and many opposing it because of his stand in favor of the League of Nations. He was the first national figure with whom Mr. Harding conferred after his return to Washington from the Chicago convention last year. Later Mr. Hoover went to Marion among the first of the "best men" to be called into consultation. Should he refuse a place, he may be asked to head a committee of reorganization of the executive departments of the government.

Regarding the labor portfolio there have been many recommendations and counter-recommendations. With four available places, serious consideration. It is understood that in the final line-up James Duncan of Massachusetts, who is close to Mr. Davis, and should there be any change Mr. Duncan may go in.

ARGUMENT IS LOST.  
One consideration that has been urged against Mr. Davis is that although he lived at Moosehead, Ill., national headquarters of the Moose (Continued on Second Page.)

# SPORTS MOTORING FILMLAND DRAMA

Skating Around the Steeply Banked Saucer at 107 Miles an Hour.

Eddie Miller Giving the Timekeeper Something to Worry About.  
One of the pilots who succeeded in shaving his time for a lap down a bit in practice yesterday was Eddie Miller, inner of second place in the Thanksgiving Day race in his No. 11 Due-senberg. Here he is keeping the pine boards warm. In the lower left-hand corner we have the handsome physiognomy of Ira Vail, the proud papa of Southern California's only "bike" speedway. Ira is going to pilot Duesenberg No. 9 at Beverly on Sunday.

RIDLEY-HERMAN BOUT.

(BY A. P. NIGHT WIRE.)  
PORTLAND (Or.) Feb. 22.—Bud Ridley, claimant of the Pacific Coast featherweight championship, has been matched to meet Babe Herman, Northwest boxer, tomorrow night at Milwaukee, near here.

## NEW RECORD FOR COURSE UNBROKEN.

Assaults by Milton, Miller, Vail and Murphy Fail to Nick De Palma's Figures.

Five racing pilots took advantage of the beautiful weather yesterday to get out and go after Ralph De Palma's record of 110.83 miles per hour on the Los Angeles Speedway. Milton, Miller, Vail and Murphy were all clocked at 107 or 108 miles an hour, but not one of them was able to get near enough to the mark made by the little Ballot to cause De Palma to lose very much sleep. Jack Thiele was also out trying to qualify with his Duesenberg, but wasn't having very much luck, although he did get very close to the 100-mile-an-hour mark on several laps. He spent a lot of time tinkering with his eight-cylinder go fast and succeeded in getting it to running a little better than it has been previously, but still not quite rapidly enough to qualify for the big event.

Everybody seems to be perfectly well satisfied at the postponement of the track and aerial events and the belief seems to be prevalent that the show will be better for the delay. Not only will those racing pilots whose cars were not right up to the last notch of efficiency be able to get them in shape, but it is certain that the landing field for the airplanes will be greatly improved.

Among the airplane pilots the belief seems to be spreading that the competition is going to be very warm, particularly in the shorter races over the closed circuit within view of the stands. The planes in these events are so closely matched as to speed, practically all of them being of the same make and with similar engines, that theoretically they should all have exactly the same speed. Some of the pilots have been busy streamlining their ships to cut down head resistance and claim to have added several miles an hour to their speed in this manner.

Ralph De Palma, Roscoe Sarno, and Eddie Hearne claim to be absolutely satisfied with their racing cars and have placed them down in the cellar along with the other valuables. They have no intention of fussing with them until the day of the race, being perfectly satisfied to let well enough alone. This trio has apparently had the best of preparation and the best of luck, their cars apparently hitting perfectly on every appearance at the track and it is no wonder that they don't care to play with them.

STRIFE HURTS NECK.

(BY A. P. NIGHT WIRE.)  
PHILADELPHIA, Feb. 22.—F. C. Strife, who wrestled in the University of Pennsylvania 175-pound class, has a splintered vertebrae and will be lost to the team for the remainder of the season. He received the injury in a meet while in the Navy.

RAY TAKES MILE RUN.

(BY A. P. NIGHT WIRE.)  
BOSTON, Feb. 22.—Jole Ray won the Boston mile run at the American Legion's annual games today. James J. Connolly of Georgetown University was second, and Harold C. Cutbill of the Boston A. third. The time, 4m. 32s., was slow.

## WICHITA EASY FOR MIDWICK.

Wichita's polo four, playing under the colors of the Colorado Country Club, was defeated yesterday by the Midwick team, 10 to 2, thereby qualifying the latter for the finals in the open match play. The Wichita team is a low-goal club with a handicap of five goals and won the low-goal championship last Saturday by defeating the Midwick Graywings, 10 to 4. In handicapped play the Midwick seniors would have to concede Wichita six goals, so their victory yesterday was only two goals over the handicap. Wichita plays Del Monte tomorrow, and Del Monte tackles Midwick on Saturday.

YORK SIGNS UP.

(BY A. P. NIGHT WIRE.)  
CHICAGO, Feb. 22.—James York, a left-handed pitcher, who claims to be a relative of Sgt. Alvin York, World War hero, today signed a contract with the Chicago Cubs.

MINNESOTA COLLECTS.

(BY A. P. NIGHT WIRE.)  
MINNEAPOLIS (Minn.) Feb. 22.—Minnesota defeated Chicago, 24 to 19, in a western conference basketball game tonight.

PURDUE POOLS TEN.

(BY A. P. NIGHT WIRE.)  
URBANA (Ill.) Feb. 22.—Purdue upset predictions tonight by defeating Illinois 19 to 12 in a western conference basketball contest.

## CHANGE IN BALL DATES.

(BY A. P. NIGHT WIRE.)  
CHICAGO, Feb. 22.—Several changes in the American League schedule, released February 12, were announced today by President B. B. Johnson, who said the changes were necessary because the games in three eastern cities did not balance. The changes are:  
Washington: Philadelphia's second series has been reduced from five to four games by the elimination of July 1.  
Boston was scheduled on September 10 and 11. This has been changed to September 9 and 10.  
Philadelphia is at Washington September 11.  
At Philadelphia: Detroit is scheduled in Philadelphia on its last trip September 24 and 17.

## WALKER ROUTS RECORDS.

(BY A. P. NIGHT WIRE.)  
FRESNO, Feb. 22.—Four new world's speed records were established here today by Otto Walker of Oakland, in the motorcycle race meet held at the Fresno speedway. On an official time trial, Walker circled the track in 33 1/4, or at the rate of 102 miles per hour. This is a new world's record for a mile track.  
In the ten-mile race he cut 31 1/4 from the previous record, covering the distance in 5:48, or at the rate of 103 1/4 miles per hour. The previous record was 6m. 19 1/4 s.

## CROWDS AT STADIUM INCREASE.

Management Decides to Build Two New Seating Stands for Next Sunday.

Spurring larger crowds at each successive meet at the new bike stadium at Hill and Washington streets, the management decided last night to begin immediately the erection of two new seating stands, one to be ready in time for next Sunday's races.  
The crowd last Sunday filled both stands to overflowing. The advance sale for next Sunday is now far ahead of that for the opening meet, so Messrs. Vail, Griffin and Pickens, fearing the keen disgrace sure to be heaped on any promoter who has to turn away good dough at the box office, became anxious to avoid such a catastrophe.  
The new stands will be built on each end of the track, thus surrounding the entire track with seats. Although the spills occur mostly on the turns there will be no extra charge for these points of vantage, for the event a rider is tossed into the lap of a spectator seated in one of the boxes on the curves, courteous officials here today will 175 points and a jump of 48 feet.

MILNE GETS A TITLE.

(BY A. P. NIGHT WIRE.)  
SARANAC LAKE (N. Y.) Feb. 22.—Morley Milne of Montreal won the International amateur ski jumping contests here today with 175 points and a jump of 48 feet.

## RECORD CROWD 'THROWS LINKS.

Never was the need for another municipal links more glaringly illustrated than on yesterday when a record-breaking throng of 514 turned out to enjoy a round of golf.  
There have been huge mobs at Griffith Park before, but the figures never crept over the 480 mark before yesterday, according to "Pop" Patterson. Many had to wait four hours before their turn came to leave the first tee. This demonstrated a couple of things—that no city ever needed golf-playing room more badly and that the game has sunk into some folk's skin pretty deep when they'll hang around four hours waiting for a chance to play. The last foursome left the tee at 4 o'clock.

## Trojans Rap Sagehens in Wild Finish.

With fifteen seconds to play and Pomona leading by a score of 34 to 21 in the basketball game with U.S.C. at Claremont yesterday, Forward Kuhns tossed in two baskets in rapid succession, the Trojans winning by a score of 35 to 34.  
Pomona led almost throughout the struggle, having a robust margin of 14 to 5 at one time in the first half, but the count was knotted 19-19 when the period ended. Another lead was grabbed off by the Sagehens early in the second half, and they held it almost to the end when Kuhns got in his deadly work.  
Kuhns was easily the star of the contest, heaving in twelve baskets for a total of twenty-four points. Coach "Gus" Henderson took him out at one stage of the fracas because he thought the player appeared dead on his feet, and said afterwards he didn't know where Kuhns accumulated so many baskets.  
The basketball game was part of a Pomona "homecoming day," to celebrate the breaking of ground for the Sagehens' new training quarters.

## Tijuana is Closed Tight by Coffroth.

(BY A. P. NIGHT WIRE.)  
SAN DIEGO (Cal.) Feb. 22.—At the end of today's program the Lower California Jockey Club's track at Tijuana closed indefinitely, according to announcement of its officers, pending appeal from the action of the Mexican Consulate here in demanding visa charges for passport from all visiting the track. It was the seventy-ninth day of a meeting scheduled to last 125. Jockey Club officials expressed the hope that there would be early and favorable action on the appeal.

## DAVIS EASILY LICKS DALTON.

Newcomer Gives Steve Most Artistic Trimming.

Left to Chin in First Almost Undoes Local Lad.

Gene Cline is Too Fast for Willie Robinson.

Boxing gloves will probably give Steve Dalton the cut direct for some time to come after his showing, or lack of showing, against Travis Davis last night at Jack Doyle's pavilion.  
Steve would probably have done better had he not fallen into a mild fit of sleeping sickness soon after the first round began.

FROM SEATTLE.

The newcomer, who, by the way, is a dark horse from Seattle sprung by Sid Cohan, poked Steve in the nose several times after hostilities started and then suddenly let loose a murderous straight left to the chin. Dalton's eyes began to flicker and partial grogginess set in. From that time to the end of the last round the Dalton family was on the short end.

Davis gave Steve a boxing lesson—always beat him to the punch and found means at almost all times to steer clear of the local lad's vicious half cartwheels with the left to the stomach. Some of the crowd began twitting Steve about being a curtain raiser, but this slam failed to bring out any aggressiveness from Dalton, who seemed to be bewildered at all stages of the bout. He was simply outclassed, outslugged and outmaneuvered from going to go.

CLINE TOO FAST.

In the semi-windup, Gene Cline was too fast for Willie Robinson, who woke up in the last round only too late to find himself a beaten man.  
The other bouts resulted as follows: Kramer-Ernie Goosman, a draw; Henry Gastine-Young Pape, draw; George Lavigne made a sucker out of Johnny Weber; Jack Spar beat Fred Sherman, and Jack Oliver-Morton Davis milled even.

## MARY BROWNE WINS TITLES.

Shows Old-Time Pepper with Tennis Racket.

Harvey Snodgrass Captures Singles Event.

McLaughlin and Bundy Reach Doubles Finals.

The midwinter tennis tournament, which has been in progress on the courts of the Wilshire Country Club, wound up in a blaze of glory yesterday with some very good matches. All events were completed with the exception of the men's doubles in which division McLaughlin and Bundy slammed their way into the final round with Snodgrass and Reinken, but were unable to play off for the title before dark.

The veteran ex-national champions put up a noble struggle, winning no less than three matches in the course of the day. They started off by trimming Shugart and Loan 6-1, 6-4. The next victims were Reed and Reynolds, who took the count 6-1, 6-3. Wynn Mack, staging a comeback after a long absence from the courts, and Simpson Blinbaugh put up a wild bout, but were defeated 3-6, 6-3, 7-5.

Meantime Snodgrass and Reinken had been wading through their opponents and likewise reached the final bracket where sundown halted them on the verge of an epochal combat with the ex-champs. After the Barker brothers had won from Ketchum and Browne by default they were nearly wiped out of the elite by Ferrandini and Goddard, the 5-6 winners, 6-4, 6-3. Snodgrass and Reinken then turned the tables on the youngsters by the decisive score of 6-2, 6-1.

Harvey Snodgrass continued his long list of singles victories by eliminating those two noble old veterans, Nat Browne and Tom Bundy. Nat was eliminated in the morning by the score of 6-3, 6-2. Snodgrass sprang a genuine exhibition of his old time ability when he mowed out Pep Jones 6-3, 3-7 in the other semi-final. This was all Tom had up his sleeve, however, and his Morton Davis milled even.

(Continued on Second Page.)

## LAFAYETTE

Anyone who has had experience with other fine cars can appreciate the LaFayette after giving it a thorough trial on the road.

But an engineer can pass accurate judgment merely by inspecting it. He knows what it means to lower the center of gravity in a car nearly a foot below usual practice. He knows that large bearing surfaces mean long life; that hollow shafts are just as strong as solid ones with all of the advantages of light weight.

in A.A.U. Events; Looks Like a  
Banner Year in Field Sports.**

Pomona, as usual, seems to have the big edge in distance running, having not only young Mr. Moreman, who licked the best two-milers in the State last year, but a sophomore, named Curtis, who has been beating Moreman over the longer distances and two or three other worthies, who can step pretty rapidly. Occidental has Sloan, a short-legged youth, with boundless energy, but none too much speed. U.S.C. has one of the Marvin family, who

# HEARST REACHES FOR HI JOHNSON

"Carpet Bag Lawyer" Dragged in, Says "World."

Another Party from Split is Scented by Paper.

Senator's Only Interest Fee, is Charged.

BY HARRY CARR.

NEW YORK, Feb. 22.—The hand of William Randolph Hearst is one that has beckoned Senator Johnson to New York to take part in the fight between Gov. Miller and the Mayor over the right to fix traction rates. With the stiff corpse of the Democratic party in his nostrils, William is frantically looking around for some firm ground to light on. He realizes that the Democratic party will not come back to life, at least in this generation, therefore his vagrant ambitions have led him to seize upon Hiram's coat tails and yell "Get up."

WORLD SWATS HARD.

All the New York papers raised their eyebrows and asked Hiram what he was butting in for, and the Democratic World handed him this swat this morning: "The retaining of Senator Johnson by the Hyman administration is a legal contest against Gov. Miller's traction program is the characteristic undertakings of a demagogic Mayor. The reply of the Senator and his sensational exploitation of the class issue in the controversy is likewise characteristic of Hiram Johnson."

INK HARDLY DRY.

"The Governor's traction bills are hardly off the press. The legislative hearing has not yet been held. There has been no opportunity as yet for a public discussion of them, or for modifications and amendments. There is nothing tangible except the message and the first draft of the bills, and these bills have the same status as any other that have been introduced in the Legislature. "What is Senator Johnson to do for his fee? Rant and roar and denounce the 'interests'! The Mayor can do that as loudly as anybody and there is no reason for spending the city's money in hiring a Pacific Coast politician to compete with home talent. "Mayor Hyman has done nothing but obstruct a settlement in the traction question; otherwise he can inject a little sense into the Mayor's head, which is beyond belief, the best service that he can render to New York is to keep away and let the people of this city deal with their own affairs. A carpet-bag lawyer from California is not an impressive exhibit in a struggle for some rule in New York."

# AIR MAIL PILOT FALLS TO DEATH.

(Continued from First Page.)

He will pilot it to Omaha, stopping only at North Platte for fuel.

LANDS IN CHICAGO.

CHICAGO, Feb. 22.—Pilot W. J. Smith, flying from New York to San Francisco in the transcontinental air mail flight, landed at Checkerboard Field at 1:10 p.m. today, completing the trip from Cleveland in two hours and forty-eight minutes. Cloudy weather caused officials to refuse to grant permission to resume the journey immediately in the hope that the moon would come out and make flying conditions better.

PREPARED HOME.

RENO (Nev.) Feb. 22.—Capt. William Lewis, who was killed at Elko this morning while attempting to lower the time of aerial mail delivery between San Francisco and New York, entered an apartment here last night upon his arrival from the East preparatory to his wedding to Miss L. E. Bryant of San Francisco, early next month, friends of the pilot stated today. Lewis' ship went into a tailspin after "turning back" during the take-off at Elko at 9:38 o'clock this morning and crashed to earth. The pilot was killed instantly. He had left Reno at 7:10 o'clock with a mail cargo brought from San Francisco by Pilot Little, who arrived at 7 o'clock, behind Nutter. The mail was transferred here to another plane and was placed aboard a third plane at Elko.

REACHES SALT LAKE.

SALT LAKE CITY, Feb. 22.—An air mail plane which left San Francisco early today arrived here at 11:55 o'clock. It is participating in a test of night and day flying to New York.

LEAVE FOR COAST.

HAZLEHURST (N. Y.) Feb. 22.—Two airplanes, each carrying 150 pounds of mail, left Hazlehurst Field today for San Francisco, piloted by E. M. Leonard and E. E. Allen. They expected to reach the Pacific Coast in 24 hours. Leonard was forced by misty weather to alight near Hiram, Pa., but planned to continue to Cleveland tomorrow. Allen reached Cleveland at 12:15 o'clock and was relieved by C. W. J. Smith, who continued the western flight in another machine. Plans and pilots are to be changed at Cleveland, Chicago, Omaha, Cheyenne, Salt Lake City, and Reno on the western flight.

# SACRAMENTO GIVEN B'NAI B'RITH MEET.

(BY A. P. NIGHT WIRE.)

PORTLAND (Or.) Feb. 22.—District Grand Lodge, No. 4, Independent Order of B'nai B'rith, in annual convention today, selected Sacramento for the meeting in April, 1932. In the election D. Solis Cohen of Portland was unopposed for president, and Harry Finkelshtein of Los Angeles for first vice-president. There were contests for the other offices. At special holiday services, Alter Sigal of Fresno spoke on the meaning of Washington's Birthday.

# MRS. O'BRIEN SAYS FLYER'S MIND WRONG.

Widow of Suicide Aviator Says German Bullet in Head Never Was Located.

(RECEIVED DISPATCH.)

CHICAGO, Feb. 22.—Mrs. Elizabeth Livingston O'Brien, widow of Lieut. Pat O'Brien, famous aviator, who ended his life at Los Angeles in December, is en route to her home in Washington today after a short stay in Chicago.

"There is such interest in the fate of Pat in this city that I feel justified in breaking my resolve not to discuss the circumstances of his death for publication," she explained. "It is not generally known that the bullet which lodged in my husband's head when he was shot by the Germans was never located by the surgeons, and that he became afflicted with frightful headaches which finally affected his mind. He was the most wonderful man I ever knew, and he died for his country just as certainly as though his death had occurred in battle."

Trains Wreckers are Frustrated.

TEMPLE (Tex.) Feb. 22.—What is believed to have been an attempt to wreck a Milwaukee, Kansas and Texas passenger train was frustrated between here and Troy today, when the engineer discovered a pile of ties on the track.

# VISCOUNT GREY SCOFFS AT WAR WITH AMERICA.

POINTS TO ANGLO-AMERICAN PACT CALLING FOR YEAR'S DELIBERATION.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, Feb. 22.—Viscount Grey at a dinner tonight said he was one of those who believed there would be little pleasure or interest in living in the world if there was war between England and the United States. It was plain to him that there would not be cordiality between the two countries while the Irish question remained unsettled. He referred to the Anglo-American peace treaty, requiring one year's deliberation before war was declared, and added he did not believe the two great democracies would ever go to war if the treaty were obeyed. Viscount Grey regretted that the people of the United States seemed conscious of the Anglo-American alliance, but appeared to be unaware of the Anglo-American peace pact, which was still in force.

Accepts College Presidency.

SEATTLE, Feb. 22.—Richard F. Scholz, professor of history at the University of Washington, has accepted an offer of the presidency of Reed College, Portland, Or., and will assume his new duties in April, he announced tonight. He was professor of history at the University of California from 1908 to 1918.

The Royal Gorge.

And wonderful scenic features of the canyons of Price River, Utah, and of the Grand and Arkansas rivers in Colorado are viewed east of Salt Lake City from through standard sleepers to Chicago and St. Louis, via the Denver and Rio Grande, scenic line of the world. Information and tickets at 368 Central Bldg. Telephone 14259.—(Advertisement.)

# CHARGES DISHONESTY IN ENGLISH MINISTRY.

BONAR LAW TO ORDER INVESTIGATION OF SETTLEMENT OF MUNITIONS CLAIMS.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, Feb. 22.—In the House of Commons tonight C. Loesly, parliamentary secretary for the National Democratic party group, charged there had been irregularities in the Ministry of Munitions. In reply, Andrew Bonar Law, government leader, said there would be a judicial investigation. Mr. Loesly declared a certain member of the Ministry of Munitions dealing with claims of contractors had sought to destroy or conceal records without the aid of which it would be impossible for the auditing department to ascertain how settlements of claims had been arrived at.

AWARD IS ACCEPTED; MAY END COAL STRIKE.

(BY A. P. NIGHT WIRE.)

PITTSBURGH (Kan.) Feb. 22.—Karl Mischak, a miner, went to the offices of the Mackie Fuel Company at Scammon today and collected \$120.40 awarded him by the State Industrial Court, and thus paved the way for what many persons here tonight believed would be the ending of a strike in the Mackie company mines.

Planting Greatest Orchard.

VISALIA, Feb. 21.—Planting of what is claimed will be the world's largest peach orchard will soon start on the 6000-acre Tugus ranch between Visalia and Tulare, H. C. Merritt, owner, announced recently. Ground breaking of the first 500 acres to be planted was held recently with ceremonies.

## AUCTION — AUCTION

Thursday, Feb. 24th, 3 p.m. TO SETTLE ESTATE—23 acres highly improved

The Show Place Between Los Angeles and Pasadena

4213 N. Huntington Drive, End of Mission

The Home of Mrs. Dan Jerro

Consisting of good 7-room house with all manner of outbuildings, Aviaries, Rabbit Hutches, Chicken Corral, forset house and out of the 23 acres fine to subdividing into lots, 500 and 10,000 automobiles pass this place daily. Fruit trees artificially laid out. Perhaps no home in Southern California has been as well known as this. Location second to none, scenery unsurpassed. Fruit of fruit and 70 grapevines of different kinds which have been selected from the best nursery stock obtainable. Over 1000 was spent equipping this Paradise. The owner is fully prepared to put it up at auction will mean a sacrifice. She takes to take her loss gracefully and consigned the property to be sold. POSITIVELY THURSDAY, FEB. 24, AT 3 P.M. factory terms can be arranged.

# In Ye Olden Time

Keep skirts were worn by those who first asked the druggist for, and insisted on having the genuine Favorite Prescription put up by Dr. Pierce over fifty years ago. Dress has changed very much since then! But Dr. Pierce's medicine contains the same dependable ingredients. They are standard and today just as they were fifty years ago and never contained alcohol.

Beauty depends upon health. Worry, sleepless nights, headaches, pains, disorders, irregularities and weakness of a distinctly feminine character is a short time bring the dull eye, the "crow's foot," the haggard look, drooping shoulders, and the faltering step. To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for Dr. Pierce's Favorite Prescription. EAST OAKLAND, CAL.—"I have used Dr. Pierce's Favorite Prescription at different times for over twenty-five years, and it has never failed me. One time I took it when troubled with inflammation and it soon helped me. At another time I took it for severe pains in my right side; the 'Favorite Prescription' again helped me out, and I was soon well and strong. I can always depend upon it."—MRS. A. E. LAWRENCE, 1911 Fifteenth Avenue.

## Your Complexion and Outdoor Sports

The grace and health which come from outdoor sports need never be gained at the expense of your complexion, if you use SANTISEPTIC regularly.

This medicinal toilet lotion protects the skin from the sun and wind with an invisible powder which will not come off. Its corrective and tonic properties heal and soothe the skin after exposure. Not sticky or greasy and will not grow hair. Widely used for minor skin irritations.

Your choice of Perfumed White, Perfumed White or Pink.

# CORES IRISH POLICIES AND LOATHES DRY IDEAS.

## Chesterton Declares Politicians Made Muddle of Erin Question; Prohibition Takes Liberty Away.

(EXCLUSIVE DISPATCH.)

CHICAGO, Feb. 22.—The liquor question in this country and the Irish question in the old country are not being handled as Gilbert K. Chesterton, the English essayist and dramatist, would have them handled. The English literary genius arrived in Chicago today and as he stepped from the train he made it plain to a group of reporters that he did not approve of prohibition.

"It's taking away a man's liberty, don't you know," he said.

Regarding the Irish question he said it was near a favorable solution some time ago in a way that would have been acceptable to both sides had it not been for the politicians.

"Banning politicians," as he put it, "was responsible for the fact that the question was not settled four months ago."

Mr. Chesterton said neither he nor the mass of Englishmen approved of reprisals taken by the British government in Ireland.

Speaking of Americans Mr. Chesterton said: "What impresses me most about the American people is their enthusiasm for work. The Englishman's idea of work is a task by which he may attain something that will ennobly him to rest and pleasure after that task has been performed. But here work looks upon as a sort of romance. An American salesman said to me the other day: 'How shall I improve my art of salesmanship?' Mr. Chesterton? I looked at the man in wonder. It seemed so strange that one could consider art and work in the same category. Why, Americans make a poem out of trade."

LIKES CRIME NEWS. "I like American newspapers with their murder stories and so-called demoralizing atmosphere. 'To me crime is the best sort of news. There you have real human interest, truthfully put, just as it happens. If a man cuts his grandmother's throat with a razor you have a good story. The man is not boasting any special make of razor, nor is he trying to create a slump in grandmothers."

"The best way to learn the life and habits of a nation is to read the detective stories written by authors of that country. They give the police system and the daily life of the people in general and also give an insight into their habits."

"Your country began with the Declaration of Independence and ends with prohibition. As I passed the Statue of Liberty I had an inclination to want to see all the liquor on board ship poured out as an act of pagan libation. Capitalism is inhuman, intolerable and inefficient. To change from it we need that rare and almost unknown thing today, statesmanship. We need statesmen who are not of the tribe of politicians."

SLAMS SUFFRAGETTE. "The emancipation attained by the modern woman is about equal to that of somebody who has jumped into a sausage machine. I pity the ancient suffragette who became a clerk in a pork packing factory and expects to make the wheels go round a different way."

While Mr. Chesterton likes our railroad systems and especially the parlor cars he finds fault with the sleeping compartments on our trains.

"They may be all right for some persons," he said, "but they are entirely too small for an Englishman, especially for an Englishman of my size."

In justice to Mr. Chesterton, who is a very tall and corpulent man, the reporters agreed with him that the sleeping compartments on trains were somewhat cramped for men of his build.

Good nature seems to radiate from his face and his handshake indicates that he was genuinely glad to meet those who greeted him at the station.

Practically in everything he says that there is a strain of wit bringing home the point he wishes to make agreeably and at the same time forcibly.

## SCHOOL CO-OPERATIVE GROCERY A FAILURE.

(EXCLUSIVE DISPATCH.)

CHICAGO, Feb. 22.—Northwestern University professors have reluctantly admitted that one of their latest experiments in economics has proved a failure. The admission came with the closing and appointment of a receiver for the co-operative store established only a few months ago in Evanston, the suburb housing the university.

H. H. Allen, a Chicago University graduate, seeking practical information concerning the co-operative movement, it is said, first brought the proposal to the faculty of Northwestern. Professors, their wives and a few others were easily interested and after some preliminaries, \$1700 in cash was paid for a grocery store. A hundred more dollars was spent in replenishing certain stocks.

Everything, according to reports, went fine the first couple of weeks. Then the wives of the 250 stockholders complained the stocks were running low and that they had to go to other markets to get what they wanted. Finally all that was left in the co-operative shop was a supply of clothes pins and bluing.

The receivership followed. But promoters of the enterprise insist that the plan is good, that no dishonesty is connected with the failure and that it was merely poor business management that brought about the failure.

They Appeal to Our Sympathies. The bluing and typewriter are constant sufferers and appeal to our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets. These tablets strengthen the stomach, invigorate the liver and improve the digestion. They also cause a gentle movement of the bowels. When you have any trouble with your stomach give them a trial.—[Advertisement]

## SET UP LABORATORY TO STUDY LIMNORIA.

BAY CITY MARINE COMMITTEE TO WAGE FIGHT AGAINST FILE BORERS.

(BY A. P. DAY WIRE.)

OAKLAND, Feb. 22.—It was today announced that there would be set up in Oakland a laboratory for the study of marine borers which have wrought millions of dollars' worth of damage to water-front structures about San Francisco Bay.

The laboratory, which will be in charge of Charles A. Kofoid, professor of zoology at the University of California, has been determined on by the San Francisco Bay Marine Piling Committee in its new fight against the terebrator, the limnoria and other borers. The committee is composed of forty members including the most prominent local engineers working in conjunction with the University of California. The United States Forest Service and the Army and Navy also have taken a hand with the committee.

## SAYS FRENCH DEALT WITH ENVOY OF REDS.

SOCIALIST NEWSPAPER DECLARES GOVERNMENT AUTHORIZED NEGOTIATIONS.

(BY CABLE-EXCLUSIVE DISPATCH.)

PARIS, Feb. 22.—A group of French bankers, with the authorization of their government, entered into negotiations with M. Krasin, the Bolshevik trade envoy to England, in London during July, 1929, for the purpose of consolidating the Russian debt to France, according to revelations published today in Humanite, the official organ of the French Socialists. The negotiations were broken off in August, when France recognized Gen. Wrangel, the Russian general who had been expelled from the French government.

The paper announces that it will publish the names of the bankers interested in the deal, in case the story is denied by the French government. It also says that the French government is authorized to negotiate with the Bolsheviks at the time of the alleged negotiations.

# Bond Market

In listing a number of bonds held for sale by the Los Angeles Trust and Savings Bank, C. F. Seidel, Manager of the Bond Department of that institution, pointed out the fact that the quantity on hand of each of the securities is not great, and for that reason, Mr. Seidel suggested that prospective purchasers of any of the securities listed should act without delay.

BOND DEPARTMENT LOS ANGELES TRUST AND SAVINGS BANK

## Take Your Pencil and Figure This Out

SUPPOSE you invest \$2,000 today in *Straus Bonds*. Your interest check at the end of six months will be \$60. Add \$40 to this check (you will have six months to save it in, or less than \$2 a week) and purchase a \$100 *Straus Bond*—compounding your interest.

Then at the end of another six months, make up the odd amount again—and so on.

By following this plan you will double your money in ten years.

The second six months you will only need to add \$37—and each succeeding half year the amount will be smaller until, at the end of seven years your interest will buy a new bond every six months without adding to it, and leave a margin to put in your pocket.

You can figure out other combinations for yourself. The *Straus Plan* affords the safest and most convenient method for securing these results. *Straus Service* will, if you like, handle every detail for you, reinvesting your interest automatically. And its safety is unquestionable—as shown by its record of 39 years without loss to any investor. Let us tell you about the *Straus Plan*. Write today for our booklet "How to Pick Good Investments." ## FINANCIAL AND TRADE REVIEW.

(Continued from Preceding Page.)

ments of the early months of the current fiscal year, it is expected that if the plan is consummated, operations of the recapitalized company for the remainder of the fiscal year will show a considerable margin of profit over all fixed charges, including contemplated sinking funds and over dividends on prior preference stock.

**LIBERTY BONDS.**  
At the prices quoted, and which are fairly representative of the present state of the market, Liberty Bonds show approximate yields of the various issues as follows:

	Yield
First 4 1/2%	4.90%
Second 4 1/2%	5.10%
Third 4 1/2%	5.30%
Fourth 4 1/2%	5.50%
Fifth 4 1/2%	5.70%
Sixth 4 1/2%	5.90%
Seventh 4 1/2%	6.10%
Eighth 4 1/2%	6.30%
Ninth 4 1/2%	6.50%
Tenth 4 1/2%	6.70%

**TEACHING THE YOUNG IDEAS.**  
The College of Commerce and Business Administration, University of Southern California, has commenced its spring semester class in commercial banking, the initial lecture being delivered by H. S. McKee, vice-president of the Merchants National Bank. His subject was "The Economic Scope of the Commercial Bank." A number of visitors were present to hear Mr. McKee, who is a recognized authority.

For the course an unusual array of talent has been secured for the lectures, including Vice-President J. D. Day of the First National, Vice-President Ralph Hardacre of the Security Trust and Savings Bank, President A. M. Chas. of the California Bank, Vice-President Leo S. Chandler, California Bank, Assistant Secretary W. D. Cotto, Security Trust and Savings Bank, Vice-President J. H. Ramboz, Merchants National, Vice-President R. W. Woods, First National Bank.

This plan is similar to one which has just been adopted by London University.

**CANANEA IS DESERTED.**

Shutdown of Mines Makes Active Camp Desolate Town.

(SPECIAL CORRESPONDENCE.)  
DOUGLAS (Ariz.) Feb. 18.—Cananea is almost a deserted camp. No mining is being prosecuted, pumping is being continued on one of the Capote shafts to supply the settlement with water, at the request of the Mexican government. A few American section hands and number of caretakers and guards are continued on the pay roll. Two hundred American employees and ten times that number of Mexican workmen have departed for other points.

Some of them have been absorbed in the mines of the Blue-bell district. Tall, barbed-wire fences have been placed around most of the Cananea mining property and the reduction plants and outside buildings have been boarded up. The mill of the Calumet and Sonora Company is being remodeled and early operation promised. The Cananea camp is active.

**DEVELOP GLOBE MINE.**

Concentrating Mill to be Erected; Other Developments Reported.

(SPECIAL CORRESPONDENCE.)  
GLOBE (Ariz.) Feb. 18.—A small concentrating mill has been bought by S. H. Beard, for handling ore from a lease on the Manifest property in El Capitán district. There was a late strike of ore averaging 24% in lead and silver.

High-grade silver ore is reported struck by C. E. Foster and Jack Jones on the old Richmond claim in Richmond Basin.

In Mineral Creek district, the Mine Operators' Company of America is operating a twenty-foot bench of surface ore, proposed to be handled by leaching.

**USE DIAMOND DRILL ON MAYER PROPERTY.**

(SPECIAL CORRESPONDENCE.)  
MAYER (Ariz.) Feb. 18. Dr. Walter Harvey Wood of New York, lately made inspection of the property of the United Arizona Copper Mining Company, thirty miles south of Mayer. The company is exploring by diamond drilling. Patents have been applied for on the entire property.

The Great Western smelter at Mayer, idle for years past, is reported about to operate one unit, this under charge of H. A. Wagner and Charles Bair.

Pumps have been started on the Blue Bell mine, on which work had been suspended at the time of stoppage of the Humboldt smelter.

Paris Enjoying Spring Weather.  
(BY CABLE AND ASSOCIATED PRESS.)  
PARIS, Feb. 22.—Paris is enjoying spring weather with bright sunshine and the leaves are budding on the trees. The thermometer registered 75 deg. today.

## WANTS LIST OF SEWAGE EXPERTS

Council Asks Associations to  
Make Selections.

Will Then Make Choice for  
Advisory Board Man.

Mulholland Doubtful About  
Huge Treatment Plant.

As the result of action of the City Council, the American Society of Civil Engineers and the American Association of Engineers will be requested to submit lists of prominent sewage engineers of the country, from which lists a selection is to be made by the Council of one of the three engineers who are to constitute a board of experts which will study and report on methods for solving the problem of handling the tremendously increased amount of Los Angeles sewage.

Chief Engineer Mulholland was unanimously chosen by the Council Monday to be a member of the board and the third expert will be a locally prominent nonofficial engineer to be selected by the City Council.

Mr. Mulholland told the Councilmen that any method of handling the sewage, whether it be by the building of a new coastal sewer to the ocean or by whatever plan chosen, and for which a bond issue must be voted, will stand a better chance of being approved by the voters if a committee of experts has passed on the plans than if the project is put forward by the city's engineers without expert endorsement. Mr. Mulholland said that he recommended and brought about the appointment of a similar board of experts which passed on the plans for the aqueduct.

"All plans for handling the sewage of the city," said Mr. Mulholland, "must be carefully studied. Personally, I believe that it is impossible to turn the sewage into a treatment plant and run off into the Los Angeles River the resulting water. I can see no other solution but to build a sewer to the sea. The kind of treatment to be given the sewage before it is turned into the ocean will require the most careful consideration, for we must recognize the justice of the complaints of the beach cities and work out plans for a treatment which will eliminate the distributing of sewage along the beaches."

Names suggested yesterday of nationally prominent sewage engineers who may be considered for the board of experts included Dr. Harrison P. Eddy of Boston, George C. Whipple of New York, Langdon Pears of Chicago, John W. Atwood of New York, Robert Hoffman of Milwaukee and B. E. Sands of Houston, Tex.

**PASTOR'S WIFE TAKEN.**  
Funeral services for Mrs. Jane M. Prewitt, wife of Rev. A. M. Prewitt, pastor of Grace Presbyterian Church, who died Monday, will be conducted at 2 p.m. today in the chapel of B. E. Overholzer Sons Company. Mrs. Prewitt was born near Rockford, Ill., and had resided in Southern California for about thirty years. Previous to her marriage she was engaged in business here.

## SOCIETY.

BY VIRGINIA WOODS.

**For New York Visitors.**  
Mr. and Mrs. William R. Staats of 55 North Grand avenue, Pasadena, are to entertain at a large dinner party tomorrow evening at their home in honor of Dr. and Mrs. James H. Hasbrouck of New York. A number of prominent Los Angeles people are going.

**Entertain at Club.**  
Mr. and Mrs. John Miller, who have been entertaining a small party at the Crag Country Club since last Thursday, are returning home today. Her brothers, Ream and William Llewellyn, joined them on Sunday in time for luncheon.

**For Mrs. Williams.**  
Mrs. Clarence Williams, wife of Admiral Williams, is to be honored at a luncheon Friday, over which Mrs. Frederick Klump is to preside. There are to be sixteen guests. Mrs. Williams has just returned from Chicago where she was much feted and is a house guest of Mrs. Madison W. Stewart of West Adams street.

**For Miss Garland.**  
Miss Rosemond Garland of New York, who is visiting her brother and sister-in-law, Mr. and Mrs. William May Garland, is to be honored guest at a luncheon that Miss Gwendolyn Laughlin will give on Saturday. There are to be ten guests who will assemble later at the Little Theater.

**For Three Matrons.**  
Mrs. Walter Clark is to entertain at luncheon on Monday next in honor of Mrs. Cordelia A. Severance, Mrs. Franklin K. Lane and Mrs. E. L. Ayer. Mrs. Ayer is a Chicago matron, who has just arrived to spend the remainder of the winter. Mrs. Clark will have twelve guests.

**Charming Home Wedding.**  
In honor of spring blooms in all the pastel shades, Miss Lillie Oshausen and Raymond Prettymann were married at 5 p.m. yesterday at the home of the bride's parents, Mr. and Mrs. G. A. Oshausen of 1585 St. Andrews place, Judge Prettymann is the son of Mr. and Mrs. William T. Prettymann of South Pasadena.

Four matrons attended the bride. They were Mrs. Marion Churchill McCarmey, Mrs. Simon Dahl (Miss Knecht), Mrs. William Whipple Copp (Margaret Bowen) and Mrs. Bruno Oshausen. They wore frocks of Nile green, orange, orchid and white tulle, respectively, and wore big garden hats, flowered with tulle streamers. The bride was most attractive in an imported gown of rose French crepe. She wore a hat of silver lace and carried a shower bouquet of spring blooms. She and the groom walked up an aisle formed of a line of flowers, held in place by Miss Lillian Carlton, Mrs. G. S. Schaeke, Mrs. Ollie Lawrence, Mrs. Variel and Miss Eula Smith. After the ceremony there was a supper-dance for 150 guests. The couple will reside at 211 Pasadena upon their return from a wedding trip.

**Mr. Vescei Back.**  
Josef Desider Vescei, the brilliant young pianist, is back from New York on business in connection with his final citizenship papers. He will be here until March 12, when he will leave for Washington, where he will meet Mrs. Vescei, who remained in New York. En route he will stop in San Francisco. Their trip to Europe has been postponed for several months.

**Dr. Alexis Kall.** famous Russian composer and pianist, also will return from New York this week-end. He has arranged for a course of lectures at Columbia University for next year and also at Yale.

**Weds in Sacramento.**  
A wedding of much interest here is that of John Thomas Coulton of Pasadena and Miss Virginia Cory of Sacramento, which took place in the latter city last Monday. Mr. Coulton is the son of Mr. and Mrs. John B. Coulton of Pasadena and is prominent in Green City business and social circles. The bride is a daughter of Deputy Secretary of State Frank H. Cory and Mrs. Cory. The wedding was at noon and was solemnized in St. Paul's Episcopal Church, with Rev. W. H. Hermitage officiating.

**Miss Onone Smith** was maid of honor and George Coulton stood with his brother. The bride wore a frock of French blue and georgette crepe trimmed with silver. Her hat was of silver and in place of flowers she carried an ivory prayer book. A reception followed the ceremony and the couple left for Coronado. After March 1 they will reside at Wildwood, their country place near Pasadena, where Mr. Coulton will engage in farming.

**Dance and Supper Party.**  
Saturday evening Mrs. John Patrick Kennedy is to entertain with a dancing party to be followed by a midnight supper in the ballroom of the Holton Arms. Mr. and Mrs. Kennedy formerly resided at 1818 Victoria park drive and have returned after two years spent in the East. There are to be fifty guests at the dance.

**At Bridge Tea.**  
In compliment to Mrs. Stewart McNab of San Francisco, who, with Mr. McNab, has come here to live, Mrs. Samuel Carey Dunlap is to entertain a group of thirty at a bridge tea on Friday. Mr. and Mrs. McNab are to reside at Fourth and South Alexandria streets.

**To Mexico.**  
Mrs. C. Q. Stanton is leaving tomorrow for an extended visit with friends in Mexico City and Yucatan.

**Returning Home.**  
Misses Miriam Rowley and Margaret Rogers, who have been entertainers for much entertaining during their visit with Misses Mary and Dorothy Gray, are returning to their home in Winnfield, Cal., on Friday.

**Attractive Dinner Party.**  
Miss Louise Burke was hostess at a dinner of charming appointments on Monday evening.

**FOR PIONEER OIL MAN.**  
Funeral services for Sumner Cough, long connected with the Ventura Oil Company, who died Monday at the California Hospital, will be conducted at 2 p.m. today in the chapel of Peck & Chase. Mr. Cough was born in Gosham, N. Y., in 1824, and lived in Minneapolis for many years before coming here in 1904. He leaves a widow and a son, Wells Tyler Cough.

# Fluffy Frocks of Taffeta

Youthfulness is apparently the keynote of the coming season's fashions.

The adorably youthful circular or pleated skirts that are exceptionally becoming to petite women are featured in many of the newest models.

The hip lines are bouffantly extended, while the waists are basque styles or quaintly tight fitting.

Sleeves may be short or a trifle below the elbow, large shawl collars or fichus are shown, while in many instances a dainty lace finishes the neck.

Prices \$29.75, \$39.75, \$45.00, \$55.00, \$65.00, \$75.00, \$85.00, \$95.00 and \$125.00.

A youthful little frock of Taffeta has a basque bodice, a graduated scalloped overskirt, low back, short sleeves. Finished with narrow pleatings and French corsage. Navy and black. Price \$49.50.

Another is of navy Chiffon Taffeta, square neck, Venice lace collar, with side panels in long shawl. Finished with a dainty rose of Taffeta at waistline. Price, \$75.00.

While still another is thread run with an all over design of white. The tunic is cinched at the bodice is a quaint blouse with a large shawl collar and three-quarter length sleeves. Price \$85.00.

(Apparel Shop—Third Floor)

### Philippine Lingerie, \$4.95

**BLAME**  
Have you noticed the blame? We suppose the girls and women in the case when a man is killed don't show.

In the campaign of the tobacco wages, we note that the wages are still at the old notch.

The chances are that these women in the case when a man is killed don't show.

Another thing, what is to be done? The Democratic party is to Europe and McAdoo stays in it.

Premier David Lloyd George is talking sharply to Greece, but paying no more attention to the Greek Xerxes did it.

The small boy will take no more of the reported drop in price of the baseball suit, boots, hats and bats.

Don't say Warren G. Harding is a wise man. He went to the White House with a wife selected for Fifth Avenue, New York.

It is almost impossible for a going by a baker's shop to see temptation to enter, such is the power of mental suggestion.

The Young Lady Across the street she had no idea of carrying a parasol at the way some business. They are simply lost.

It has been figured out that it just \$332.75 to outfit a wife in all necessities. Will this have effect on the marriage market?

It is not yet definitely decided, but it would seem that the Democratic party is in a position of the services of an underdog hypodermic injection.

There is a Los Angeles man who claims to have served at dinner last Sunday to a lot of people at a cost of each of \$100. We have mislaid her address.

The crusade in Congress half of Sunday observations comes for the most part from Southern States. Has the moved down across the Mississippi River?

Another thing to worry the human population of the side of the Arctic Circle is cent less than the dog population. But at that, the country is gone to the dogs.

Usually, the line of standing in front of a church is day is longer than the day in the contribution box. The man's heart is there, but the money also.

Figures show that there is a lack of interest in the new motor cars. We met them all at night in trying to cross the tunnel entrance.

We feared as much the poorer nations of the League of Nations want to share the natural resources of the favored communities. And quite a rock on which to build.

It seems to be already decided. It will be up to Editor to rule on the blue pencil through things proposed at Washington. Used to have the reputation of Ohio as being a man who was afraid to die.

If Andrew Mellon of Pennsylvania named as Secretary of the treasury, the newspaper boys will be their dupes. One of the established rules of the life is not to give out information.

Judge Landis says he is to drive all of the gamblers out of the city. But he said he was to collect that \$25,000,000 Standard Oil Company. The Standard is in driving the gamblers of the grand stands he earned that \$42,000 salary.

The degeneracy of the much to do with what is termed the wave of crime. The pursuit of artificial pleasures, the weakening of the entrance of the former occupied the flat habit and the making of all make for trouble of the kinds. And that is the manner in which the matrimonial responsibility is guarded by those entering marriage state.

Just now when there is a reference is made to the "McKinley law." It was the Congress of May 21, 1890, by McKinley was chairman. The McKinley law was passed in 1894. It was repealed in 1904. The duties on wool, woolen fabrics, tin-plate, butter and other agricultural products were lowered. The McKinley law was the important one in the tariff for the remission of duties on certain products which should be made in American goods. The McKinley law was passed in 1890.

**WHAT NEXT?**  
I wonder what we next will do. For daily news to read. We fear there will be nothing on which our minds are set. No more kidnappings. The courts are standing. And Poole has been put in the cabinet. The McKinley law was passed in 1890. The McKinley law was passed in 1894. It was repealed in 1904. The duties on wool, woolen fabrics, tin-plate, butter and other agricultural products were lowered. The McKinley law was the important one in the tariff for the remission of duties on certain products which should be made in American goods. The McKinley law was passed in 1890.

**THE RICHEST MAN IN THE WORLD**  
can't get nutriment out of expensive foods that contain no nutriment. There is more real food in one Shredded Wheat Biscuit than in an equal weight of beef, eggs or potatoes, and it costs much less. We didn't push up the price of Shredded Wheat—we don't have to come down. The price was advanced a little you didn't feel it. Shredded Wheat is without doubt the cheapest food in the world today. Shredded Wheat with hot milk make a warm, nourishing meal and cost but a few cents. Shredded Wheat with fruits and fruit juices.

**WHAT NEXT?**

# FEAR NEW TONG SLAYING.

Forewarned by a new slaying in San Francisco and by a report that twenty-seven Hop Sing tong gunmen have been shipped into this city to avenge the killing of two Hop Sing men by Bing Kong members here about a week ago, Chief of Police Pendragon yesterday sent additional policemen into Chinatown to patrol what seem to be deserted streets faced by barricaded doorways.

Word has reached the Chief of Police that a number of Bing Kong members have been marked for killing by Hop Sing men, and that the twenty-seven gunmen sent here are in hiding and only waiting word to carry out the purpose of their murderous mission.

At San Francisco yesterday, according to telegrams to the Chief of Police, Li Leong, an aged Chinese fisherman who belonged to the Bing Kong, was shot and killed while he slept. Five bullets were fired into Li Leong's head as he lay abed in an alley rooming-house, and his slayer was then seen running through a mass of porrifera, headed for Grant avenue, the main artery of the Bay City's Chinatown.

The police of San Francisco have evidence, they say, that the slayer was sent from Los Angeles or from San Jose. They threaten the arrest of all active members of both tongs, and also to completely blockade Chinatown in order to try to avert the pending State-wide tong war.

At San Jose yesterday the police rounded up eight San Francisco Chinamen who, they say, had been sent there to participate in tong killings. Later they found three loaded revolvers on the streets of the San Jose Chinese district.

In Jewish work, made inquiry of Mr. Davis if Charles Spellman was a member of the Gospel Tabernacle. Being informed that he was, Dr. Blackstone suggested that the Gospel Tabernacle accept the trust bequest of the bequest for Mr. Spellman for Jewish evangelist work. This and unanimously voted to accept such trusteeship, provided the trust should seem it legal and proper so to do. This action was taken wholly for the purpose of effecting the bequest as set forth in the will, namely, for Jewish evangelist work under the direction of Mr. Spellman.

**SPELLMAN NAMED.**  
"The Osborn will left the residue of the estate to be used for certain charitable purposes, among which was 'the Jewish evangelist work, California, of which Mr. Charles Spellman was the principal agent."

Upon such consent to act as trustee, and upon the testimony of various Christian gentlemen, well known and of high repute, the court appointed said corporation as such trustee and the funds were turned over to it and accepted by its proper officers, and the trust is being administered by the trustees without any compensation whatever.

"The fact that Judge Rives admitted the Osborn will to probate, and with the facts fully before him, passed upon all matters of law involved in the distribution of the estate thereunder, including the trusteeship in question, should be proof conclusive that justice has been done to all parties concerned."

**CHARGES "LYING."**  
"The board was not cognizant of anyone questioning its actions until Mr. Edwards appeared charging them with 'lying' to secure the trusteeship. It must be apparent to all who know language that the charge of two letters could in no sense influence the court even if the charge had been intentional."

"Mr. Edwards repeatedly addressed threatening letters to the trustees, which were disseminated. Printed matter was circulated on 'Looking at Estate.' Later Mr. Edwards appeared before the Gospel Tabernacle Board and demanded that they enter into combination with him in making an attack upon the probate will. There has been counter-resistance because as Christian men the board desired, if possible, to overcome evil with good. If Mr. Edwards continues in this course of un-Christian and false representation, it may be necessary to secure legal protection for the sake of the cause of Christ."

**Medal of Honor**  
**Order Tells of**  
**Argonne Action.**

Capt. Nelson M. Holderman, whose nearest relative is Mrs. Marguerite Holderman of Santa Ana, has been awarded the Congressional Medal of Honor, according to a dispatch received yesterday from Washington. The deeds which won this coveted decoration were performed from October 2 to 8, 1918, near Dinerville, in the Forest of Argonne by Capt. Holderman, who was in the Three Hundred and Seventh Infantry. The order cites the officer for "conspicuous gallantry and intrepidity above and beyond the call of duty in action," and says: "Capt. Holderman commanded a company of a battalion which had been cut off and surrounded by the enemy. He was wounded on October 4, on October 5 and again on October 7, but though suffering great pain throughout the entire period, and subjected to fire every character, he continued personally to lead and encourage the officers and men under his command with unflinching courage and distinguished success." On October 6, though wounded, he rushed through enemy machine gun and shell fire and carried two wounded men to a place of safety.

Another order issued at Washington places Capt. John J. Vandenberg, Coast Artillery Corps of this city, in the red list of decorations. The retirement is made because the captain has "been found physically disqualified for duty by reason of disability incident to the service."

**IN CHARGE OF LIBRARY.**  
President Dana, Weller of the Union League Club has appointed Edgar McKee, Bensel Smythe, ex-Judge Grant Jackson, Walter F. McEntire and Maurice Gradwohl as the members of the library committee of the club and quarters have been assigned to the library on the fourth floor. It was stated yesterday. The committee has organized with Maurice Gradwohl as chairman, Bensel Smythe as secretary, and Edgar McKee as treasurer.

(Main Floor)

**Loveliness in Spring Dress Cottons**

Dainty weaves from this and the other side of the sea; materials which lend themselves most admirably to the drapings of present fashion.

**Dress Gingham**  
As popular as ever—shown in all their array of smart plaids, checks, stripes and plain colors, from 25c to \$1.25 a Yard

**French Batistes**  
45 inches wide, in two styles of stripes—one a-fancy and the other a plain stripe—the very latest whim in dress cottons—with stripes, too, great favorites for spring; yd., \$1.25

**Swiss Voiles**  
Normandie Swiss voiles in light and dark shades of all new designs—dots, figures and the distinctly novel patterns for spring; they hold their color and their fine finish; yard .....85c

**Embroidered Dress Swiss**  
31 inches wide; dots, figures, novelty stripes—all new and very pretty; yard.....\$1.75

**Plain Swiss Organdies**  
45 inches wide; permanent finish, in all the staple colors and many of the novelty shades; yard .....\$1.50  
Another 45-inch Swiss organdie is here in stripes, checks, figures, dots—all very new; yard .....\$2.25

**Plain Colored Voiles**  
40 inches wide; in new shades and in all qualities, from .....50c to \$2.00 yard

**Figured Dress Voiles**  
40 inches wide; all the tiny figures best liked in these goods; yard .....48c

(Second Floor)

**Modish Millinery in Profusion**

A most charming and enchanting array of modish millinery direct from eastern markets, foretelling the advanced ideas of Dame Fashion.

Reveling in gorgeous colors are those new hats, from Nature's own hues of rustic browns, tangerine tones, autumn shadings, henna tints, silver grays and spring greens.

Models of wide sweeping brims, broken lines, snugly chic turbans—all have been created in unusual designs at the new popular prices.

**THE RICHEST MAN IN THE WORLD**  
can't get nutriment out of expensive foods that contain no nutriment. There is more real food in one Shredded Wheat Biscuit than in an equal weight of beef, eggs or potatoes, and it costs much less. We didn't push up the price of Shredded Wheat—we don't have to come down. The price was advanced a little you didn't feel it. Shredded Wheat is without doubt the cheapest food in the world today. Shredded Wheat with hot milk make a warm, nourishing meal and cost but a few cents. Shredded Wheat with fruits and fruit juices.

**WHAT NEXT?**  
I wonder what we next will do. For daily news to read. We fear there will be nothing on which our minds are set. No more kidnappings. The courts are standing. And Poole has been put in the cabinet. The McKinley law was passed in 1890. The McKinley law was passed in 1894. It was repealed in 1904. The duties on wool, woolen fabrics, tin-plate, butter and other agricultural products were lowered. The McKinley law was the important one in the tariff for the remission of duties on certain products which should be made in American goods. The McKinley law was passed in 1890.

That sale of Sample Hats at 1/2 price begins this morning 3d floor—North Bldg.

Here's advance news of a remarkable sale for Thursday

# BLOUSES AT \$5.98

—Be sure that you understand that this sale of Blouses is for Thursday—not today!  
—It's only when we have an exceptional lot of merchandise at an exceptionally low price that we think it necessary to make the announcement of their sale, a day in advance—and every woman who reads the Times this morning is going to be glad that she has plenty of time to plan an early shopping trip for Thursday morning.  
—And now—what of the Blouses themselves!  
—There are georgettes—crepe de chins and combinations of these two silks—some richly embroidered—some with attractive beading and some made quite plain!  
—Note those pictured and then see the big window of them today.

Sale Thursday 3d floor—North Bldg. *Jacoby Bros* Between 3d and 4th

Blackstone's ANNIVERSARY

Blackstone's ANNIVERSARY

MARSHALL PLAN  
WINS APPROVALSupported by Delegates of  
Dozen Municipalities.Meeting at Riverside Also  
Approves Ontario Act.Colorado River Development  
Urged by Engineer.

(SPECIAL DISPATCH.)  
RIVERSIDE, Feb. 22.—The so-called Marshall plan of extending the irrigable area of California and of developing a vast amount of hydro-electric energy through the construction of storage basins in the Sierras, the turning of the Sacramento River into the San Joaquin Valley by a system of canals and paralleling of the Los Angeles aqueduct system to the diversion of the Kern River for supplying Southern California, was endorsed by the unanimous vote of thirty or more representatives of a dozen Southern California municipalities meeting here today.

The meeting was held under the auspices of the League of California Municipalities. Col. Robert H. Marshall, formerly of the United States Geological Survey, the author of the plan, outlined the project at the afternoon session. A resolution was adopted recommending to the Legislature the appropriation of \$500,000 for the appointment of a commission of five engineers to report as to the general practicality of the plan.

**ASKS RATIFICATION.**  
While the recommendation will not be binding on the cities, the resolution carries with it a request for ratification of the action by the several municipalities represented.

Col. Marshall asserted that his plan would furnish irrigation for 1,000,000 more acres in the San Joaquin Valley, provide homes for 1,000,000 more families and add \$5,000,000,000 to the state valuation.

He estimated the potential electric energy incident to the proposed development at from \$500,000 to 15,000,000 horsepower, depending on the extent of the development attempted.

It is proposed to finance the project through a state authorized bond issue, it being Col. Marshall's belief that the proceeds from the energy developed would meet the interest on the bonds and create a surplus for maintenance and depreciation and that the bonds, representing construction costs, would be retired within a period of fifty years through the revenue derived from the sale of water.

What is known as the Ontario plan or the development and distribution of electric energy, advocated at the forenoon session by H. A. Mason, secretary of the California League of Municipalities, and by Burdett Moody of the Board of Public Works of Los Angeles, was likewise endorsed. Under the plan now in operation in the Canadian province, Mr. Mason contended, the consumer is able to secure power at a rate of less than 2 cents a kilowatt hour.

**DEVELOP COLORADO.**  
Mr. Moody strongly advocated the proposed development of the Colorado River, expressing the opinion that sufficient power could be developed for supplying all of Southern California's requirements.

Col. Marshall suggested that if Southern California does not join the larger scheme at the beginning and secure the Kern River water, the construction plans would provide for its use in the grand canal system, precluding its future diversion here.

## Kern River

To pick out that Soda Fountain—  
only a few weeks, and the season  
will be going full blast.

We urge you to get action as soon as possible,  
for already our mechanics are very busy with  
installations.

A Fountain is a good investment, not a large  
one either, but one that will bring you very hand-  
some returns. Come in and talk Soda Fountain,

STATE PICNICS  
STIR PATRIOTS.Thousands Applaud Speeches  
Praising Washington.Reunions Held in Parks and  
Halls and at Beach.Outdoor Gatherings Followed  
by Dances at Night.

With patriotic speeches and the reciting of poems and singing of songs of the time and life of George Washington, thousands of former residents of other States yesterday took part locally in the country-wide celebration of the one hundred and eighty-ninth anniversary of the birth of the first President of the United States.

Next to the Iowa picnic at Lincoln Park the annual picnic of the Montana State Society in Syracuse Grove assumed the largest proportions before the day was over. Early in the morning the Montanians began to assemble in the grove with their basket luncheons and at noon fully 1000 members of the society and visitors from the northern State were gathered about the ovens from which steaming coffee was served. After the refreshments the following program was provided at which W. W. Wylie of Zion National Park presided.

Eulogies to Southern California's sunshine and enterprise, referred to as one of the greatest results of the march of time since Washington signed the Declaration of Independence, were given by the following speakers: Attorney H. G. Redwine of Los Angeles, Judge W. M. Rickford of Missoula, Mont.; Dr. R. M. Donaldson, Mr. Wylie, and "Cowboy Artist" Charles Russell of Great Falls, Mont. Mr. Russell, who has achieved national recognition by the work of his brush, alluded to California's "local color" as something "a man with an artist's eye can never miss."

**RANSACK RESIDENCE.**  
Burglars Break Into Home in South  
St. Andrews Place.

Burglars ransacked the residence of A. C. Robbins, of the Greer-Robbins Company, auto dealers, at 702 South St. Andrews Place, last night. Mr. Robbins told Detectives Carr and Hickey that he and his family have been staying at the Ambassador for some time past and that his house has been unoccupied. Many articles of value were placed in a safe deposit box by Mr. Robbins. As the burglars turned the contents of the safe and cupboards out on the floor it will not be known until Mrs. Robbins checks up today what was taken. The burglars entered through a rear door with a pass key, the detectives say.

**JAILED AS DRINKER.**  
Real Estate Man Accused of Driving  
While Intoxicated.

Ward A. Durston, a real estate dealer, was arrested late yesterday afternoon at Seventh and Hill streets and charged with operating an automobile while intoxicated.

The arrest was made by Patrolman J. Saunders. Durston was locked in the City Jail.

Wobly wheels wear out tires.

COFFROTH SAYS  
LAST RACE RUN.Announces End of Tijuana  
Sport Because of Fees  
Exact at Border.

(SPECIAL DISPATCH.)  
SAN DIEGO, Feb. 22.—James W. Coffroth, president of the Lower California Jockey Club, announced this morning that racing at Tijuana would end with today's card. The step was decided on, he said, because of the action of the Mexican government in charging fees on passports and because the ever-changing rules enforced by officials south of the line.

Those persons who used diplomacy got across the border and attended the races today. Others were turned back.

HAWKEYES JAM  
LINCOLN PARK.

(Continued from First Page.)

On its legal rights to insist upon the principle of law in international relations which the latter said: "Another thing which may well give us concern is the frequency with which we permit our political action to be influenced by considerations of other peoples and other lands. Nowhere in his warning to us was there more solemnly and more earnestly than in his warning against foreign influence."

**AGAINST ALIEN INFLUENCE.**  
Mr. Lowden quoted from Washington in which the latter said: "Against the insidious wiles of foreign influence, I conjure you to believe me, fellow citizens, the jealousy of a free people ought to be constantly awake, since history and experience prove that foreign influence is one of the most baneful foes of republican government."

**NAME NEW OFFICERS.**  
"It may that our own age, steeped in materialistic philosophy, in materialistic religion, required that awful holocaust of the Great War just about in order that things might have a renaissance."

Thackeray's tribute to Washington was read by Mr. Lowden with telling effect. He closed in a splendid tribute to the glories of California.

Speeches were also made by Dr. M. B. Bridges, President Main and J. A. Byers.

The Iowa State song was sung. Noontime was observed by the singing of hymns and recitation of the great park laying out the good things in their baskets. The ninety-two counties of the State were marked out by banners and their friends met and reunions were held.

PILLAR OF FIRE  
CHIEF IS HERE.

(Continued from First Page.)

hypnotism, that's the work of the devil, and I have never told anybody his soul would be damned if he left our church."

Bishop White was born in Kentucky and attended Millersburg College. She married Rev. Kent White in 1887. Her first son, who was born she contracted tuberculosis. "The doctors said there was no hope for him," she said. "I thought of leaving my son an orphan was terrible to me, and I prayed to be cured. I recovered and began to feel the call to preach."

**WOMEN AS PREACHERS.**  
"I have always believed that women could preach. The words of Paul, 'Let women keep silence in the churches' have been misinterpreted. They were merely to discipline women who were not yet ready to understand Paul and kept asking their husbands what he was saying."

Mrs. White said her husband did not object, at first, to her preaching. They were both of the opinion that the Methodist church was falling away from the old strict discipline, and the Pillar of Fire was organized. In addition to the Zephath headquarters at Bond Brook, there are branches in London and twenty American cities including Los Angeles and Denver, she says. Bishop White is not only the head of the organization, but the editor of the Pillar of Fire and four other publications in this country and two in England.

Bishop White says that the estrangement with her husband increased as her leadership in the Pillar of Fire church became stronger, and his hope of becoming the leader dwindled. She refused to accede to the demand that she step down in his favor, she says, not only because she believed in the right of women to lead in her own capacity for leadership, but because the members of the organization had followed out in their participation in the World War, and which they held as one of the greatest organizations in the country, have the privilege of perpetuating in meritorious works of civil life.

**GIVE FLAG TO SCHOOL.**  
Yesterday morning a flag presentation was made at Forester Memorial School by the members of the Grand Army of the Republic.

In an address on Washington, "His Ideals and the Legion Camp." Further, "before the Women's Auxiliary of American Legion Post No. 1, Camp Walter Brinkman pictured the deeds and achievements of George Washington as examples of courageous endeavor which the members of the American Legion had followed out in their participation in the World War, and which they held as one of the greatest organizations in the country, have the privilege of perpetuating in meritorious works of civil life."

At the Cabrillo Assembly, Fourth Degree, Knights of Columbus, in the Knights of Columbus Auditorium, Warden James A. Johnston of San Quentin spoke on "The Indeterminate Sentence." Other speakers were Byron R. Pitts, State Commander of the American Legion, and Rev. William Hughes, rector of St. Basil's Church, who related many of his experiences as an Army chaplain.

A Washington Birthday benefit dance was given at Solomon's Penny Dance Hall by Roosevelt Camp No. 3, United Spanish War Veterans. Open house was held all evening by the Union League Club at the new club rooms in the former Y.W.C.A. Building on Hill street.

Patriotic exercises were held at the Culver City school last evening. Among those on the program were Frances Macheret, 8-year-old child whistler of 1550 West Fifty-sixth street.

**STATE SOCIETIES' DAY.**  
Big Turnout at Orange Show Expected Tomorrow.

Members of various State societies of Southern California visit the National Orange Show at San Bernardino tomorrow, which has been designated State Societies' Day. Plans have been made to entertain the former easterners who now reside in the Southland with a special program. Accommodations in the way of benches and tables for serving a picnic lunch have been provided for the visitors by the orange show officials. The Los Angeles members of the State societies will make the trip by electric cars and by automobile. The Page Military Academy Band will make the trip with about 200 students and their parents. It is expected to be the largest day of the show.

**ON SEWAGE HANDLING.**  
Dr. Klyvis O. Nance, a Chicago sanitary engineer, will speak "How Chicago is Salvaging Sewage" at a meeting of the City Club at 8 p.m. today.

SEES PERIL OF  
NEW WORLD WARSeattle Bishop Doubtful of  
Caucasian Supremacy.Fears Yellow Race May Lead  
Brown and Black Soon.Versailles Treaty Declared  
Source of Weakness.

"I foresee, unless the white people assert themselves promptly and decisively, a terrific and a crushing blow delivered to an already tottering civilization by the black, the brown and the yellow races under the direction of the keen and German-like duplicity of Japan," declared Bishop R. J. Cooke of Seattle in an address last night at the University Methodist Church.

"We must make world peace beyond any chance of upsetting it, or we must prepare for a new world war. Unfortunately the Treaty of Versailles has so distributed the races and so fixed the boundary lines of Europe as to leave the international situation fraught with the possibility of conflict as was that patched-up peace which the council of the confederates tried to fasten upon Europe at the Congress of Vienna in 1815."

"And when this looming next war comes all that has gone before in world conflicts will be as child-play in comparison. It will be a war of chemicals, of blows struck from the air by hundreds and thousands of airplanes, directed by wireless and equipped to discharge upon the cities of the civilized world bombs which will wipe them from the face of the earth."

**NUMBERS AGAINST HIM.**  
"The unrest throughout the non-white world points unmistakably to a fight to a finish between the Caucasian and the rest of the world. In that fight the Caucasian will have the weight of numbers against him. He will contend against peoples starved for land and freedom, who have the memory of years of subjugation. He will face them when he has just come through a contest which has weakened the white races immeasurably without working any appreciable hardship upon the black, the brown or the yellow races."

"He will also confront the dark races when they are equipped with all the engines and appliances of destruction which the white man has perfected and which he has heretofore used to maintain his own supremacy."

"Japan stands ready to hurl upon Europe, and, if need be, upon us, a blow as I have described. When that blow falls it will mean that the unnumbered hordes of Asia will fall upon us with weapons invented by our own cunning. It means that even if the civilized races should be able after a frightful struggle to secure the victory, they would nevertheless be so reduced in man power and so stripped in vitality that they would be unable to slay the gladiators amid the trophies of their prowess."

**MAY COME AT ONCE.**  
"I am not at all certain that the white race would even be able to hold the dark man to a drawn battle, should the contest come in the immediate future of history, as possible. But I am sure that the only way out for the white races is for them to work at once and unceasingly toward a permanent settlement of world affairs on a basis which will insure world peace and harmony with the present diseased and hybrid arrangement between the nations of Europe."

"The present arrangement can mean only world war, and world war can mean only the extinction of the white race, even though its champions might win a technical and dearly bought victory after many years of travail. In other words, a clash between the races, the white man would be too weak to continue his civilization even if he should beat off for a time ferocious assaults upon it."

"If we are to have world peace, and we must attain world peace or face world ruin, it can be secured only upon a basis of fairer and more filled with vision than those which make the arbitrary and unnatural prison of the Treaty of Versailles such a menace to the future and the happiness of all men everywhere."

"The white man can come only out of the people, by the people and be designed for the people. It is incumbent upon the white man to bestir himself mightily to arrive at such a basis of world affairs, or he will cease to stand at the helm of the world, and his civilization will go down into ruin with him."

Bishop Cooke, who is lecturing through this week on "The Silence of St. Paul Regarding the Virgin Birth," is delivering each night a fifteen-minute prelude upon some national issue. His prelude tonight will deal with "A New Vision of the Constitution."

BEAUTY  
HINTS

Key to Beauty

(Which Means)

Toilet Preparations

"Are splendid aids to your beauty. The finishing cream, Powder and Rouge will make you look as though you have a beautiful skin, but the Cleansing Cream Skin Nutrition and Bleaching Cream will really give you a beautiful complexion. Accept no others represented 'Just as good'."

These goods have been compounded by Anna M. Bergeron (20 years in business in L. A.) to prevent the bad effect of California climate on the skin and positively will not encourage the growth of hair. They can be had at her office, 1221 Haas Bldg., cor. 7th and Broadway, where you can get expert advice on the individual care of the skin; or they are for sale at the largest counters of the leading stores.

## Children's Dresses

2 to 6 Year Sizes

With the many Mothers who would be glad to profit by these savings in mind, we were quick to snatch up the offer of this sample line of children's dresses. We got them a great deal below their real worth—and we have marked them at prices proportionately low. They are real bargains in spite of the fact that some of them are a little soiled. Here is what you will save:

The dresses above are two of the several styles at this price. The one at the top is made of pongee, the other is crepe. They are coming styles of crepe too, \$6.00 and \$8.00 values for \$3.95.

Dresses of gingham, seersucker and poplin, many other styles besides the two shown above. Some are hand embroidered. \$4.00 and \$5.00 values for \$2.95.

The dresses above and a number of other dainty styles. Made of gingham and lawn. \$3.00 and \$4.00 values for \$1.95.

Creepers and Rompers  
Cuddling styles white and colored, 6 mo. to 3 yr. sizes. \$1.50 and \$1.35 values for \$1.00.

Play Suits  
Of heavy blue denim trimmed with bands of red. 2 to 8 year sizes. \$3 values for \$1.50.

These organdie dresses have been marked at this particularly low price because they are soiled. The styles are remarkably dainty, as the illustration above shows. \$7.50 values for \$3.95.

## Mail Planes Make

## New Record

Special Time from San Francisco to New York—Hours, 20 Minutes

ST. A. P. NIGHT WIRE.—FRANKFURT (N. Y.) Feb. 23.—The first of the mail planes of the Postoffice Department, yesterday morning, left at 10:00 a. m., establishing a new record of 20 hours and 20 minutes for the coast-to-coast trip. The mail was transferred to plane in a relay station at the Postoffice Department. The plane was piloted by M. Allison, member of the four teams which took the race at Cleveland, and the two starting planes left San Francisco at the same time.

One of the westward planes was forced to descend at Dubois, Pa., on account of weather. The second plane reached Chicago at 10:00 a. m. and was unable to land. The other eastbound plane was forced to land at Elko, Nev., killing the pilot, Capt. Lewis. Capt. Allison piloted the second plane as far as it could where it was taken over by the relay, which ended at Chicago at Cleveland, and the four teams which took the race at Cleveland, and the two starting planes left San Francisco at the same time.

OFFICIALS GRATIFIED.—WASHINGTON, Feb. 23.—The Department officials, gratified at the achievement of the coast service in delivering the mail yesterday morning, said that the most remarkable part of the race was the all-night flight by the Cheyenne, Wyo., to Chicago.

## "BLAIN" HERO COMES BACK TO TROUBLE

## Georgia Man Will Find "Body" Buried and "Widow" Bride of Another

ST. A. P. NIGHT WIRE.—LAFAYETTE (Ga.) Feb. 23.—A man who went to war, will return home in a coffin to find his "body" buried in the ground. The man, who was the wife of another man, was the situation described when Mrs. Grace Robert, a telegraph operator from New York, was found dead in a hotel room. There was no explanation of the death. The Department reported that the man, who was a soldier, was then sent a soldier's wife. The man, who was a soldier, was then sent a soldier's wife. The man, who was a soldier, was then sent a soldier's wife.
